## CITY OF BAY VILLAGE STREET TREE PLANTING PROGRAM

At this time, the City's Street Tree Planting Program has been temporarily suspended. However, residents may purchase a tree lawn tree, either individually or through the City, and the Bay Village Service Department will pick up and plant the tree on the tree lawn. The tree must be the designated street tree for that particular street and planting space. Contact the City Arborists at 440-899-3484 for further information.
