Application for Safety Intervention Grant for Firefighters Exposure to Environmental Elements

Instructions
This grant, if approved, provides a 5-to-1 match up to $15,000 for employers with payroll equal or greater than $500,000. For employers with less than $500,000 annual payroll, no match is required from the employer.

You must complete all sections of the application. Please type or print clearly. BWC will review your application to approve or deny the grant. Therefore, the information you provide on this application must describe the significance of the problem and the effectiveness of the proposed solution. BWC will return incomplete applications.

For BWC to consider the application complete, you must fill in sections I-VI. This part of the application contains sections I – IV. Sections V and VI include the budget page with vendor quotes(s) and statement of agreement. You complete these sections after downloading them from the BWC webpage.

Mail the completed application, budget page and the statement of agreement to the address below. Include your vendor quote and other supporting documentation. Sections V (budget page) and VI (statement of agreement) requires signatures, employer's legal name and principal business location.

Section III: Description of solution

1. Please identify the item(s) below that you are applying for.
   - [ ] Diesel exhaust systems: Source capture systems
   - [X] Extractors/washing machines: Gear cleaning machines.
   - [X] Hoods with barrier protection
   - [X] Washable gloves

2. Describe the equipment you will purchase.

   1) Protech 8 Firefighting Structural Gloves; Titan model; washable with Porelle barrier
   2) Majestic - C6 Particulate / Barrier Hoods; Gore barrier; washable

3. Describe how you will implement the equipment.

   This equipment will be implemented to reduce the exposure of our fire dept. personnel to the toxic products of combustion during structural and other firefighting operations, thereby reducing the risks of developing the illnesses and injuries associated with exposure to such toxins.

Section IV: Implementation timeline

1. Provide the name and the title of the person responsible for implementation.

   Fire Captian, David Stump, Training Officer

2. Provide the name and the title of the person responsible for training staff on the use of the equipment.

   Fire Captain David Stump, Training Officer:

3. Provide the time it will take to order and deploy the equipment or training. The time should begin with the date of the grant warrant or EFT. (Note: You should not order the intervention until BWC approves the application and you receive the grant funds.)

   Time to order: 3 weeks
   Time to training and implementation: 2 weeks

4. Provide the name and title of the person responsible for completion of BWC-required one-year follow-up report.

   Fire Chief Christopher Lyons
Section V: Budget

Step 1: Please provide the proposed budget for the project.

Note: You may only use the FEEEG grant to purchase the items detailed on the grant web page. You may not use FEEEG grant for recouping the cost of any prior and/or ongoing interventions or for rented or leased equipment. In addition, you may not use the FEEEG grant to pay for salaries, wages, internal labor, employee training on grant purchased equipment or any costs associated with preparing the application.

You must make all grant purchases and implement the intervention equipment within 90 days after the date on the BWC grant check or the electronic fund transfer.

Note all itemized expenses associated with the project. Indicate exact costs. Do not round figures. All budgets MUST have vendor price quotes attached for each individual item. You must subtract all discounts and/or equipment trade-ins from the project total prior to determining the amount requested from BWC. No erasures or whiteout permitted on this page. This paragraph also applies to Step 1b.

Step 1a – Employers with payroll less than $500,000 are to complete the table under Step 1a. NO match is required.

Disclaimer — If implemented correctly by the employer, the goal of the safety intervention grant program is to substantially reduce or eliminate injury and illness in the workplace and, hence, claims associated with the affected processes. BWC does not guarantee or warrant that the implementation of such a plan will result in a substantial reduction or elimination of injuries and illnesses in the workplace. In the event of an injury or occupational disease arising from the implementation of the program, the employer and the employee's sole and exclusive remedy shall be pursuant to workers' compensation laws of the appropriate jurisdiction. In no event, shall BWC be liable for any damages in contract or in tort.

Ohio elections law: Grantee hereby certifies that no applicable party listed in Divisions (I), (J), (Y) and (Z) of O.R.C. Section 3517.13 has made contributions in excess of the limitations specified under Divisions (I), (J), (Y) and (Z) of O.R.C. Section 3517.13.

Conflicts of interest and ethics compliance certification: Grantee affirms that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict, in any manner or degree, with the performance of services which are required to be performed under any resulting Contract. In addition, Grantee affirms that a person who is or may become an agent of Grantee, not having such interest upon execution of this Contract shall likewise advise the Bureaus in the event it acquires such interest during the course of this Contract.

Authority — By initializing this box, the person signing below for the employer state that he or she is either the owner, chief executive officer, chief financial officer, plant manager or other person having fiduciary responsibilities with the employer; and the employer agrees that the signer or his, or her successor, will have the authority to oversee the carrying out the employer’s responsibilities for two years after BWC issues the grant check. Ohio Bureau of Workers’ Compensation

Application for Safety Intervention Grant for Firefighters Exposure to Environmental Elements

Section VI. AGREEMENT between OHIO BUREAU OF WORKERS’ COMPENSATION and City of Bay Village

Employer’s Full Legal Name

Agreement between the Ohio Bureau of Workers’ Compensation and Employer

This is an agreement by and between City of Bay Village (hereinafter, “Bay Village”) , with its principal place of business located at 350 Dover Ctr. Rd., Ohio 44140, and the State of Ohio, Bureau of Workers’ Compensation (hereinafter, the “BWC”), having offices at 30 W. Spring St., Columbus, OH 43215-2256, entered into the day, month and year set out below.

Whereas, the administrator of workers’ compensation may issue a grant to defray the costs incurred by an employer who elects to participate in the safety intervention grant program, pursuant to Ohio Administrative Code Rule (OAC) 4123-17-56, wherein an employer may receive grant monies for projects which substantially reduce or eliminate the rate of workplace injuries and illnesses, called herein safety intervention grant program.

Therefore, for good and valuable consideration, the sufficiency of which is acknowledged, the parties mutually agree to the following conditions.

Eligibility — Acceptance of the employer into the safety intervention grant program is contingent upon the employer’s: (a) submission and approval of an application, (b) demonstrated need for intervention, e.g. completion of a risk assessment, and (c) being an active, timely premium payroll customer of the Ohio State Insurance Fund as of the date of execution of this agreement and for its duration.

Distribution of grant monies — Subject to the conditions precedent in this agreement and subject to available BWC resources, the employer and BWC mutually understand and agree that the total sum of the Firefighters Exposure to Environmental Elements grant to be issued by BWC shall not exceed $15,000. For employers with payroll greater than or equal to $500,000, BWC shall provide a matching grant, a 5-to-1 ratio of the monies contributed by the employer, whether a public or private employer, and that the maximum grant amount shall not exceed $15,000. The employer must contribute $3,000 in order to receive the maximum grant amount of $15,000. The employer understands and acknowledges that BWC will not issue a grant matching any expenditures that exceed $3,000. For employers with payroll less than $500,000, BWC shall not require a match. The employer, whether a public or private employer, shall not receive a grant that exceeds $15,000.

Employer responsibilities — The employer participating in the safety intervention grant program, in consideration of a grant given to it, promises to fully comply with the program requirements as outlined in the Application and Instructions and OAC 4123-17-56, all of which are fully incorporated herein by reference. The employer will be responsible for using the awarded grant in the manner for which it is intended, and will be required to provide BWC with documentation. This documentation may include, but is not limited to, original invoices, canceled checks, and periodic reports to confirm that all funds were spent and applied toward the approved intervention. The employer understands that approved safety intervention equipment may not be rented or leased. The employer agrees to allow a BWC safety consultant to conduct a comprehensive safety evaluation of their overall safety practices. If a conditional approval is granted, the employer agrees to satisfy the stated conditions by the specified date. Further, the employer agrees not to eliminate jobs due to participation in the safety intervention grant program.

The employer agrees to allow BWC to visit the employer and complete a Pre report and assessment before approval of the application, and/or a Post report and assessment after the approval of the grant application, based on the information provided in the application. BWC reserves the right to randomly sample for environmental elements during the site visits. All interventions must receive approval prior to purchase in order to qualify for the grant, and any proposed changes must be agreed to by BWC prior to making the change. The employer agrees to allow BWC to publish safety intervention grant results including, but not limited to, data, videos, specifications, and/or photos for the purposes of illustrating, educating, and training employers and employees.

Time of performance — Employers must make all equipment purchases and implement the approved intervention equipment within 90 days of BWC issuing the grant check or electronic fund transfer. BWC will consider allowing additional time, up to a maximum of 90 days, upon the request of the employer. However, the extension must be made within the initial 90 day period. Within 30 days of the 90 day purchase period, the employer will be required to provide BWC with a check for all unused grant monies, a copy of the approved budget and itemized expense report, original paid invoices/receipts pertaining to all equipment and/or services purchased, and copies of all cancelled checks to support that all invoices associated with the intervention were paid in full.

The employer shall provide BWC a one year case study after the equipment implementation date. The employer shall complete and submit the one year case study report via the grant web page case study link. If the report is not filed, or if the report is not completely filled out, the employer shall be liable to repay the full amount of the grant.

Disqualification — If for any reason the employer participating in the Firefighters Exposure to Environmental Elements grant program fails to satisfy one or more of the criteria established in the Application and Instructions, OAC 4123-17-56, and this agreement, including, but not limited to, the requirement of maintaining active coverage, timely payments thereof, and the obligations described in the Employer Responsibilities and Time for Performance sections, the employer may be disqualified from the program. Disqualification will result in the termination of BWC’s obligations under this agreement. BWC reserves the right to recover grant monies by one or more of the following methods: billing the employer for the grant money received, forwarding the employer’s information to the Office of the Attorney General of Ohio for collection, set-off, recoupment, or other administrative, civil and/or legal remedy.

If the employer merges or combines its business after receiving a grant, but before completing the one year case study report, the BWC Successorship Liability Policy will go into effect. The grant/predecessor employer is responsible for notifying the successor employer of the obligations under the Safety Intervention Grant program. The successor employer may be liable to repay any and all previously paid grant monies if these obligations are not met.

Firefighter Exposure to Environmental Elements Program

Why you should apply for Safety Grants

If you are an employer wanting to minimize firefighters’ exposure to dangerous environmental elements, you have a partner in BWC. Our Firefighter Exposure to Environmental Elements Grant Program (FEEEG) provides financial assistance to purchase:

- Diesel exhaust systems;
- Extractors/washing machines;
- Hoods with barrier protection;
- Washable gloves for optimal protection against these exposures.

Grant funds
Qualified employers with payroll equal to or greater than $500,000 are eligible for a 5-to-1 matching grant up to a maximum grant award of $15,000 for the duration of the FEEEG program. This means BWC gives $5 for every $1 the employer contributes.

Qualified employers with payroll less than $500,000 are eligible for a $15,000 grant for the duration of the FEEEG program. There is no match to the grant for payroll less than $500,000.

Grant eligibility
To be eligible to receive a FEEEG you must:
- Be a state-fund private or public employer taxing district fire department employer;
- Have active Ohio workers’ compensation coverage, and maintain continuous active coverage while participating in the program;
- Not have more than 40 days of cumulative lapses in workers’ compensation coverage within the prior 12 months;
- Be current with respect to all payments due BWC as defined in Ohio Administrative Code 4123-17-14;
- Have been in existence for at least two years;
- Have reported payroll for at least one full policy year;
- Timely report actual payroll for the preceding policy year and pay any premium due upon reconciliation of estimated premium and actual premium;
- Safety Intervention Grants (SIG) program participants must be current on receipt documentation and reporting to be eligible to apply for the FEEEG program.

Application process
Process
1. Gather information for application.
2. Access BWC’s website to download the PDF application.
3. Complete application, and mail it to BWC.
4. BWC reviews grant application.
5. BWC approves grant.
6. BWC distributes funds.
7. Purchase and install equipment.
8. Submit proof of spending.
9. Submit one-year case study.

Process notes
BWC will issue grant funds to the employer approximately two to eight weeks after approval of the application.

You must make your approved purchase within three months of the date on the grant check. Submit receipt documentation within 120 days to BWC.

Firefighter departments may apply for the firefighter grant even if they have received $40,000 or less in their current SIG program eligibility cycle.

Recipients agree to share results of their firefighter grant benefits. This allows BWC to communicate firefighters’ exposure to environmental elements results with other employers and/or research organizations in the form of best practices.

Additional information
