**Little Learners Preschool Sign Installation  
468 Bradley Road**

Michelle Flauto stated that the sign that Little Learners Preschool had previously was just a wooden post. One day it disappeared, and to replace the sign Ms. Flauto would like to install a little nicer sign. Approval has been received from St. Barnabas, where the preschool is located, to do a metal post with a more attractive sign. The top sign will be a permanent sign, and will enable an additional sign to be hung below it for special activities such as an open house, or an enrollment activity. The proposed sign has three-inch letters and a drawing of two children.

Further review and discussion followed. The previous sign did not have graphics. Mr. Sedlak noted that in the industry in which he works they tend to shy away from images of people for diversity reasons. Mr. Sedlak asked if Little Learners has a logo. Ms. Flauto stated that the logo of Little Learners includes the drawings of the children. Mr. Chernisky stated that the drawings of the children add character to the sign. Mr. Vincent agreed. Mr. Sedlak stated that he is willing to accept the sign as submitted.

Mr. Chernisky suggested that a painted white aluminum sign be used. The letters are vinyl and there will be holes punched in the bottom for the hooks to hold the second sign. Letter copy will be blue, and the post will be black.
