Infrastructure Manager

Re: Bid Results for the 2020 Pavement Marking & Striping Program

The City of Bay Village publically advertised and received bids from contractors on Thursday, August 27, 2020 for re-striping of various streets within the City. The roads that are scheduled to be striped include Ashton Lane, Bassett Road, Beach Lane, Bradley Road, Bryson Lane, Clague Road, Douglas Drive, Dover Center Road, Lake Road Bike Lanes, Naigle Road, Osborn Road and Walker Road.

The City received two bids during this time. The complete Bid Tabulation is attached. The "Lowest Responsive and Responsible Bidder" was A & A Safety, Inc. who submitted a bid of \$28,357.30. Their bid was considered complete and provided all the required qualifications and references that were requested. I contacted them to discuss their bid and confirm their understanding of the project's requirements and the City's expectations of quality and scheduling.

Based on our review of the apparent lowest bid and my conversation with them and their references, it would be our recommendation to award the Contract to A & A Safety, Inc. for \$28,357.30. It is their intention to begin their work as soon as possible and be complete within 30 days, weather permitting. There is a \$5,000.00 Contingency included in this total to be used at the City's discretion during the project. Any unused Contingency will be credited back to the City at the completion of the project.

If you have any questions or comments, feel free to let me know.

CC: Paul Koomar, Mayor
Mark Barbour, Law Director
Renee Mahoney, Finance Director

Subject: Item for 9/14 Meeting
Attachments: Bid Tab - Bay Village 2020 Pavement Marking & Striping.pdf; STREET MAP - 2020 STRIPING PROGRAM.pdf

All,

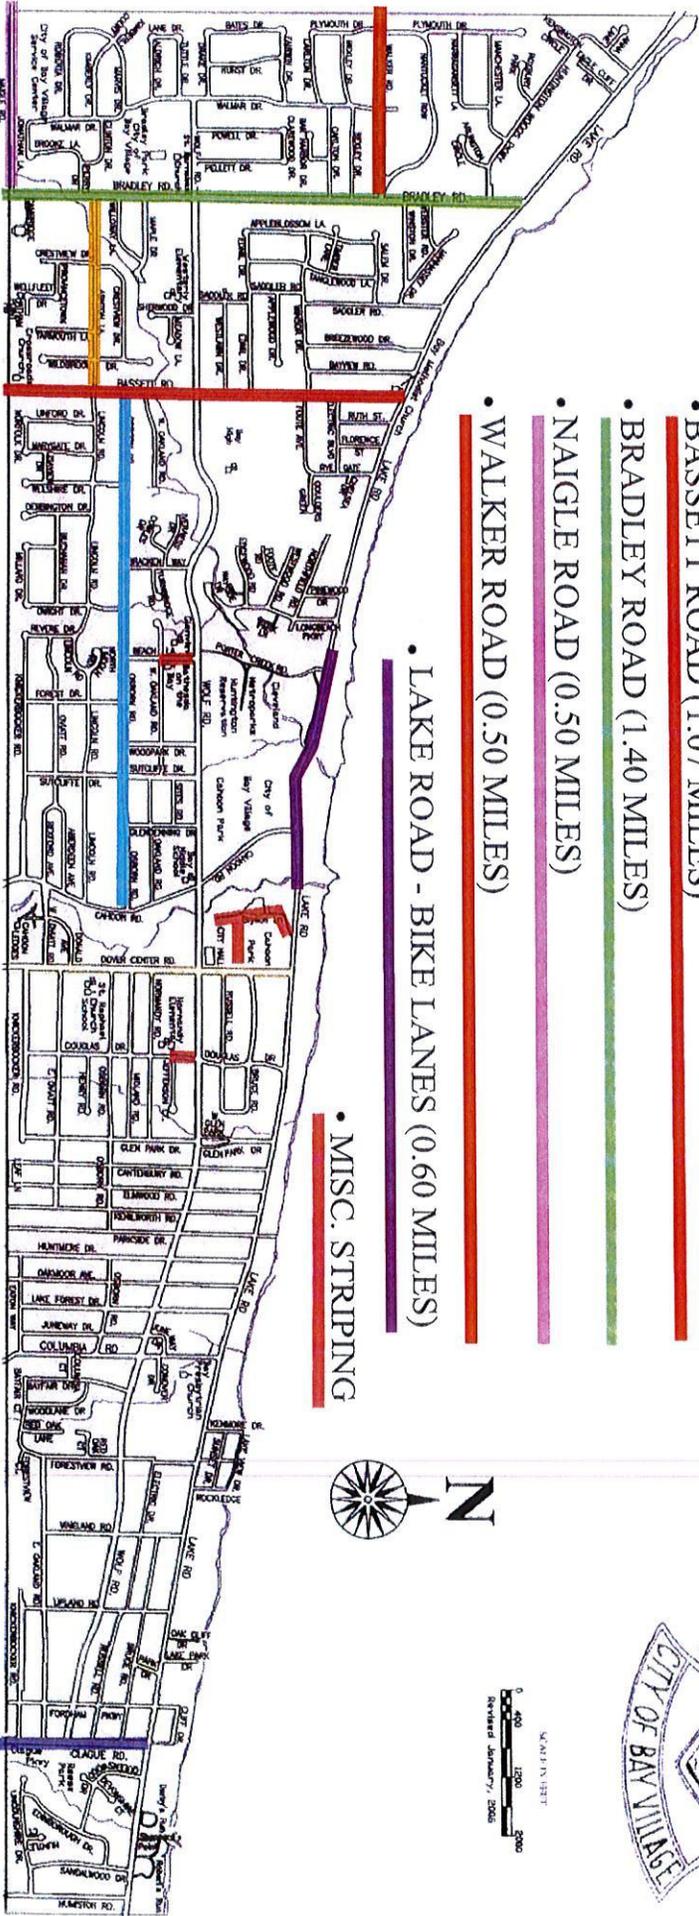

I respectfully request council's review and approval for the striping contract with A&A Safety for the 2020 Street Striping program at the September 14th meeting. I have included the bid tab and project map for reference. In addition, we will also be addressing the bike lanes on Lake Rd and reconfiguring the striping that was part of the bridge project to align with the existing bike lanes.

Thank you,

Jonathan Liskovec

Subject: Item for 9/14 Meeting

All,

With the approval of the Temporary Shore Structure Permit from ODNR, please prepare the necessary documents to allow a contractor to access, cross and improve the section of land the is part of the Cahoon Memorial Park Trust and present to the trustees for review and approval. The contractor has yet to be determined as of this email.

Thank you,
