

# Community Services

## Purpose

The purpose of Community Services is to:

- Develop, cultivate and bring together the resources of the community in assisting older adults, residents with disabilities, and others with who need assistance.
- Work with public and private agencies in the community that address needs such as social services, health, mental health, low income and family services.
- Direct and bring together individuals willing to donate their time or services in helping others and encourage voluntary funds for each purpose.
- Develop and/or coordinate social, educational and wellness programs along with service opportunities for older adults which will improve their quality of life.
